

# The Specialists in Resident Information Channels

Email Us

## ► Experience

For almost two decades VCTV has provided community information channel services to the healthcare industry. VCTV is the largest supplier of Private Channel Communication Systems in this field. VCTV provides a complete turn-key system including pre-installation consulting with your cable provider, on-site set up, operator training, system service warrantee and trade-in guarantee.

## ► Products & Accessories

### VCTV Offers Two Products

VCTV 2000/21 DeskTop: An economical, efficient and feature rich system for a community information channel.

VCTV 2100/MWS Pro: VCTV's most advanced and user friendly system offering professional studio-like results, without the cost ordinarily associated with similar systems.

### Audio-Visual Multimedia Accesories

Voice to Screen Audio Accompaniment Software for providing live announcements to the Visually Impaired.

VCM/2000 Auto Controller & Scheduler Software for automatic control of VCR/DVD Play.

Weather Station Display Software with external weather data sensor for weather information display.

### Internet Based Services

World Wide Web Editing of the VCTV On-site System over the Internet.

Web Page Link Portal for the Viewing of the Community TV Channel on the Community's Web Page.
